Durability

ColorCote® ZR8™ is a highly durable product designed to give excellent colour retention and high formability at a moderate cost. **ColorCote® ZR8™** is a baked on paint system which has different weathering characteristics to standard air drying paints. This proven technology provides resistance to chipping, peeling or cracking and has been performing in the Australian market for over 30 years.

Flexibility

ColorCote® is suitable for all roofing, cladding, rainwater goods, garage door and many other end use applications. **ColorCote®** is available in an extensive range of Classic, Designer and Metallic colours ensuring a solution is available for any Australian landscape.

Warranty

ColorCote® product is manufactured to meet the strict Australian Standards (AS/NZS 2728: 1997) and is warranted by Pacific Coilcoaters (wholly owned by Fletcher Building Limited) for up to 30 years on roofing and ISO Atmospheric Classifications 1-3.

Colour Range

ColorCote® ZR8™ is available in over 23 Classic Colours which will suit any Australian design application. Outside the Classic Colour range, additional colours are available, subject to quantity.
